## About Me

I'm a Computer Science student at Thomas More University, deeply interested in both data engineering and web application development. Seeking to excel as an intern at **Deloitte Digital**, I am proficient in programming languages and web technologies, eager to contribute to cutting-edge projects in a dynamic team.

## Education

### Applied computer Science

2022 -2024

#### Relevant Coursework:

- Application Development in Java.
- Java Advanced.
- Full Stack Essentials
- Web Application in PHP
- PHP Project
- .NET Development

**Thomas More**

### Electrical Engineering

2017 - 2020

**ENSIT TUNISIA**

## Tools

### Dev Web

- HTML/CSS
- PHP / Laravel
- JavaScript
- WPF / XAML

### Programming languages

- Python
- JAVA
- .NET
- C#

## Projects

### PHP/Laravel Job Training Application:

Implemented a user-friendly PHP Job Interview Application using Laravel within a collaborative team. Designed the interface and developed essential features, including booking, account management, announcements, and login pages. Ensured functionality through rigorous testing.

### C# Budget Manager Desktop Application:

Created a user-friendly Budget Manager desktop application using C# and XAML as part of the DevOps and Security course. Focused on mastering deployment and security principles for production environments. Designed an intuitive interface for personal finance management, with features including income and expense tracking, utilizing C# for robust functionality.
